

2014-2015 OYWA Weight Classes and Certification Rules

Weights are measured to tenths of a pound.

>> Example: A wrestler weighing in at 43.0 pounds would be eligible to wrestle at the 43.0-pound weight class. A wrestler weighing in at 43.1 pounds would not, but would be eligible to wrestle at the 46.0-pound weight class.

Wrestlers are required to wear their singlet when they weigh in. Socks are optional. Nothing else (for example, shoes) should be worn or carried when weighing in.

To compete at the Sectional Tournament at a particular weight class, the wrestler must weigh-in at or under the weight class's maximum weight for that day at least four times at OYWA regular season (Sunday) competitions. (Only wrestlers with experience or wrestlers who are in fourth, fifth, or sixth grade will compete at the Sectional Tournament. The majority of our wrestlers will compete in the All-Star Tournament.)
